Re: Approval of Infiltrator Systems, Inc., Dosing/Holding Tanks

Dear Mr. Berteau:

The following Infiltrator Systems, Inc., thermoplastic dosing/holding tanks substantially comply with the requirements of the *Sewage Handling and Disposal Regulations* and are approved for use in Virginia:

300-gallon dosing/holding tank, identified as TW-300  
375-gallon dosing/holding tank, identified as TW-375  
500-gallon dosing/holding tank, identified as TW-500  
1,060-gallon dosing/holding tank, identified as TW-900  
1,217-gallon dosing/holding tank, identified as TW-1050  
1,250-gallon dosing/holding tank, identified as IM-1060  
1,452-gallon dosing/holding tank, identified as TW-1250  
1,766-gallon dosing/holding tank, identified as TW-1500

These tanks must be installed in accordance with the manufacturer's recommendations and installation guidelines. Designers are responsible for determining that use of these tanks will comply with the specific regulatory requirements for dosing and holding tanks applicable to their site-specific designs.

Approval of these products does not constitute endorsement for use. This approval letter is supplemental to the August 6 and 27, 2008 and August 10, 2010 letters regarding approval of dosing/holding tanks.

Please do not hesitate to contact me at (804) 387-5045 if you have any questions regarding this matter.

Sincerely,

A handwritten signature in blue ink that reads "C. Kemper Loyd".

Re: Approval of Infiltrator Systems, Inc., Septic Tanks

Dear Mr. Berteau:

The following Infiltrator Systems, Inc., thermoplastic septic tanks substantially comply with the requirements of the *Sewage Handling and Disposal Regulations* and are approved for use in Virginia with effluent filters:

900-gallon septic tank, identified as TW-900  
1,050-gallon septic tank, identified as TW-1050  
1,060-gallon septic tank, identified as IM-1060  
1,250-gallon septic tank, identified as TW-1250  
1,500-gallon septic tank, identified as TW-1500

These tanks must be installed in accordance with the manufacturer's recommendations and installation guidelines. Designers are responsible for determining that use of these tanks will comply with the specific regulatory requirements for septic tanks applicable to their site-specific designs.

Approval of these products does not constitute endorsement for use. This approval letter is supplemental to the August 6, 2008 letter regarding approval of septic tanks.

Please do not hesitate to contact me at (804) 387-5045 if you have any questions regarding this matter.

Sincerely,

A handwritten signature in blue ink that reads "C. Kemper Loyd".
