\* Total numbers were reset to zero as of Aug. 30<sup>th</sup>. New case definition can be found online.  
<sup>‡</sup> Based on lab confirmed cases only

## Reminders

The VDH Call Center has been deactivated.

Influenza activity is on a decreasing trend but the virus is still circulating. Stop transmission at home when a family member develops influenza like illness, [click here](#).

It remains very important to receive both the 2009 H1N1 and seasonal flu vaccines in order to prevent the spread of illness this flu season.

**Stay home when sick and limit your contact with others**  
**Cover your nose and mouth when coughing or sneezing**  
**Wash your hands; especially after coughing or sneezing**

Percent of Emergency Department and Urgent Care Visits for Influenza-like Illness (ILI) by Region, Virginia, 2008-09 and 2009-10 Influenza Seasons

Positive Laboratory Reports\* and ILI Visits by Week, Virginia, 2008-09 and 2009-10 Influenza Seasons

\*Positive laboratory reports are presented by week of specimen collection. Data are added as new test results become available; therefore, information for the most recent week will always be incomplete.  
 \*\* 'A Seasonal' indicates a positive Influenza A finding that is negative for Novel H1N1 with no further subtyping.
