

Resource Centers

Working together for healthy people
in healthy communities

The Resource Center model takes a community based and relationship approach to providing neighboring residents with health services and entry in the healthcare system. Resource Centers are located within Richmond Redevelopment & Housing Authority communities at Fairfield, Whitcomb, Creighton and Mosby are open to residents and the surrounding neighborhoods. A variety of services include health screenings, checkups, health education, nutrition, parenting classes, budget management, and community resource information.

RESOURCE CENTERS provide outreach clinical and wellness services at these locations:
