

Virginia EMS 12-Lead ECG Questionnaire

Agency and Respondent Information

Please provide the following information:

1. First Name	<input type="text"/>	2. Last Name	<input type="text"/>	3. Title	<input type="text"/>
4. Email Address	<input type="text"/>	5. Phone Number	<input type="text"/>	6. Phone Number Ext.	<input type="text"/>

7. If you know the EMS Agency Number for your agency, please enter it in the FIRST box.

1) Type your EMS Agency Number here ** OR **	<input type="text"/>
2) Type the name of your agency here (limit of 100 characters)	<input type="text"/>

Questionnaire (4 pages on screen)

8. How many ground ambulances are permitted to your EMS agency?	<input type="text"/>
9. How many 12-lead capable ECG machines are available in your EMS agency?	<input type="text"/>
10. How many 12-lead capable ECG machines * WITH TRANSMISSION CAPABILITY * are available in	<input type="text"/>

11. How often, on an annual basis, do EMS providers in your agency receive training/continuing education on * ECG ACQUISITION *?

- Never
- Once or twice a year
- Monthly
- More frequently than monthly

12. How often, on an annual basis, do EMS providers in your agency receive training/continuing education on * STEMI INTERPRETATION *?

- Never
- Once or twice a year
- Monthly
- More frequently than monthly

13. Does your current STEMI protocol *REQUIRE* you to immediately notify the receiving medical facility when you acquire an ECG indicating STEMI? Check all that apply.

- Yes -- Notification involves *calling* the receiving medical facility by radio or phone
- Yes -- Notification involves *sending the ECG* to the receiving medical facility
- No
- Don't know

14. Do you routinely transmit ECG results to the receiving medical facility prior to the arrival of the patient?

- Yes
- No
- Don't know

15. Please indicate which level(s) of EMS provider(s) are allowed by your EMS agency to acquire a 12-lead ECG in the pre-hospital setting. Check all that apply.

- EMR
- EMT
- Enhanced/AEMT
- Intermediate
- Paramedic

16. Is it your understanding that the hospital activates the cath lab prior to arrival of the patient at the medical facility if the 12-lead ECG acquired in the pre-hospital setting indicates STEMI?

- Yes
- No
- Don't know

17. How often do you encounter problems transmitting 12-lead ECG results to the receiving medical facility?

- Almost never (< 10% of the time)
- Occasionally (10 to 25% of the time)
- Sometimes (25 to 50% of the time)
- Often (50 to 75% of the time)
- Frequently (> 75% of the time)
- Don't know
- Do not routinely transmit 12-lead ECG results

18. Do your protocols allow you to bypass non-PCI hospitals and go directly to a PCI hospital when the pre-hospital ECG indicates STEMI?

- Yes
- No
- Don't know

19. How frequently do you receive feedback on the patient's condition from the receiving medical facility after the case is completed?

- Almost never (< 10% of the time)
- Occasionally (10 to 25% of the time)
- Sometimes (25 to 50% of the time)
- Often (50 to 75% of the time)
- Frequently (> 75% of the time)
- Don't know
