HB 1305 Workers' compensation; injuries presumed to be in course of employment, unless evidence to contrary.

Patron: Habeeb

An Act to amend and reenact § 65.2-105 of the Code of Virginia, relating to workers' compensation; presumption; injuries in course of employment.

Summary as passed House:

Workers' compensation; injuries presumed to be in course of employment. Revises the provision enacted in 2011 that created a presumption, in the absence of a preponderance of evidence to the contrary, that an injury is work related if an employee is physically or mentally unable to testify and there is un rebutted prima facie evidence that the injury was work related.

This measure clarifies that where the factual circumstances are of sufficient strength from which the only rational inference to be drawn is that the accident arose out of and in the course of employment, it shall be presumed the accident arose out of and in the course of employment, unless such presumption is overcome by a preponderance of competent evidence to the contrary.

SB 915 Workers' compensation; injuries to public safety officers.

Patron: Ruff

A BILL to amend the Code of Virginia by adding a section numbered 65.2-301.1, relating to the Virginia Workers' Compensation Act; injuries to public safety officers arising out of employment.

13102478D

Summary as introduced:

Workers' compensation; injuries to public safety officers. Provides that an injury incurred by a public safety officer that occurs in the course of his employment at a location that is off the premises his regular premises of employment shall be deemed to have arisen out of employment if the injury would not have occurred but for the fact that the conditions and obligations of his employment placed the public safety officer at the location where the injury was incurred. Such an employee shall not be required to prove (i) that the nature of his employment exposed him to a special, additional, peculiar, or particular risk of injury to which a member of the public is not generally subject or (ii) a causal connection between the conditions under which his employment was required to be performed and the resulting injury. The measure would eliminate an employer's defense that such an injury was an act of God not covered by the Virginia Workers' Compensation Act. The measure would not apply to injuries incurred prior to July 1, 2013. The bill was incorporated into SB 896.
