### General Information

#### Introduction

State and federal regulatory program guard the health, safety and welfare of the public by establishing and enforcing standards to assure quality health care. The Office of Leisure and Certification (OLC) of the Virginia Department of Health (VDH) administers the state licensing programs for nursing facilities, hospitals, home care organizations and hospice programs. OLC/VDH is also the state survey agency for the federal certification programs under the Center for Medicare and Medicaid Services (CMS), i.e., Medicare and Medicaid. In addition, the OLC investigates consumer complaints regarding the quality of health care services received.

Inspection activities are used to satisfy both state licensure and federal certification requirements. The OLC's medical facilities inspectors are health care professionals such as physicians, registered nurses, dietitians, and social workers.

This directory contains the provider contact information for home care organizations, home health agencies, and licensed and certified hospice programs. Additional information can be found on our web site at: [www.vdh.virignia.gov/olc](http://www.vdh.virignia.gov/olc). Information about the Medicare home health agencies can be found at: [www.medicare.gov](http://www.medicare.gov), then click on 'Compare Home Health Agencies in Your Area.'

### Definitions

"Certified" means the agency accepts Medicare and Medicaid clients.

'Home care organization' or HCO means a public or private entity providing an organized program of home health, pharmaceutical or personal care services, according to §32.1-162.1 of the Code of Virginia in the residence of a client or individual to maintain the client's health and safety in his home. A home care organization does not include any family members, relatives or friends providing caregiving services to persons who need assistance to remain independent and in their own homes

'Home health agency' means a public or private agency or organization, or part of an agency or organization, that meets the requirements for participation in Medicare under 42 CFR 440.70 (d), by providing skilled nursing services and at least one other therapeutic service, e.g., physical, speech or occupational therapy; medical social services; or home health aide services, and also meets the capitalization requirements under 42 CFR 489.28. A home health agency is a home care organization that is federally certified.

"Hospice" means a coordinated program of home and inpatient care provided directly or through an agreement under the direction of an identifiable hospice administration providing palliative and supportive medical and other health services to terminally ill patients and their families. A hospice utilizes a medically directed interdisciplinary team. A hospice program of care provides care to meet the physical, psychological, social, spiritual and other special needs that are experienced during the final stages of illness, and during dying and bereavement. Hospice care shall be available 24 hours a day, seven days a week.

'Licensed" means the organization is licensed by the Virginia Department of health to provide services.
