If you get medicines from Virginia Department of Health's (VDH) assistance program, Benalytics is working with VDH to help you get health insurance this year. If your income is less than \$16,754 per year for one person, you might get new health coverage for adults, ages 19 to 64 years of age. Medicaid provides this coverage. The rules have changed, so even if you applied and been told no in the past, you might get this new coverage. If your family has more than one person in it, you can make more income and still get coverage.

Family Size	Yearly	Monthly
1	\$16,754	\$1,397
2	\$22,715	\$1,894
3	\$28,677	\$2,391
4	\$34,638	\$2,887
5	\$40,600	\$3,384
6	\$46,562	\$3,881
