2020 Enrollment Information

Open enrollment for 2020 is here. The Virginia Medication Assistance Program (VA MAP) requires that you enroll in your proper coverage for medication access. Please review the options below to determine which fits your situation.

Are You Eligible for Medicaid?
Please contact your provider or Benalytics (1-855-483-4647) to complete the Medicaid application process through the Marketplace or Cover Virginia. Use the income table below to estimate eligibility (add approximately $6,100 to the yearly income for each person beyond a family size of 8). Actual eligibility cannot be determined until the time you apply.

After applying, Virginia Medicaid may contact you by mail. Please respond and provide all requested information. VA MAP will not enroll you into a Marketplace plan if you are eligible for Medicaid.

Are You Currently Enrolled in Medicaid?
Congratulations on your Medicaid coverage! With your Medicaid plan, you may pay little to nothing for medications or doctor visits within your Medicaid plan network. VA MAP cannot pay for your care or medicine if you have another way of paying for it, such as Medicaid. Contact Medicaid Member Helpline (1-804-786-6145) if you have questions on how to use your new coverage.

Are You Currently Enrolled in Medicare?
If you are enrolled in Medicare Part A and/or Part B, you must enroll in a Medicare prescription drug plan for medication access. Benalytics (1-855-483-4647) can assist you with enrolling into a drug plan.

Are You Eligible for a Marketplace Plan?
If you are not eligible for Medicaid or Medicare, you may qualify for a Marketplace plan.
What should I do to see if I qualify for insurance through the Marketplace?

1. Contact Benalytics at 1-855-483-4647 or your medical provider for enrollment assistance. Open enrollment for 2020 Marketplace plans is **November 1, 2019 through December 15, 2019.** You may not have health insurance coverage next year through the federal Marketplace if you do not apply within these dates.
2. If there have been any changes in address, name, or income in the last year, make sure the Marketplace has this updated information.
3. Virginia Department of Health (VDH) will support Marketplace plans from Cigna, CareFirst, Healthkeepers (Anthem), Kaiser, Optima, Piedmont and Virginia Premier. VDH does not support Catastrophic plans.
4. You should check the insurance plan’s drug list to make sure your medications are covered. You should also check the provider list to make sure your doctor is in the plan’s network.
5. You may qualify for a premium tax credit. If you do, you must sign up for a Silver plan and apply all of the tax credit to the monthly premium bill when you sign up.
6. VDH can only pay for an individual plan. VDH cannot pay for a family plan unless all family members receive medicine from VDH.
7. Send VDH the following 2020 plan information by **December 18, 2019.** VDH cannot pay your monthly premium without this information.
