

# What it Means to Hold Space

Applications for Early Hearing Detection and Intervention  
for Parents and Professionals

## Register Now!

Friday, April 5, 2019  
9:00 am - 4:00 pm

Richmond Police Training Academy  
1202 W. Graham Road  
Richmond, Va. 23220

Join us to learn how to apply trauma-informed care principles when needed for the exploration of the potential impact of early diagnosis of hearing loss in children.

### In this presentation, you will learn to:

- support communication and build relationships among parent and professionals,
- identify a variety of relational practices,
- increase knowledge of ways to improve support for families, and
- explore the practice of holding space for feeling, healing, acceptance and growth.

### Who should attend:

- Anyone involved in supporting parents following a diagnosis of early hearing loss
- Parents, Audiologists, Early Interventionists, Counselors, Home Visitors, Hospital Staff, Teachers of the deaf or hard or hearing, Physicians, Healthcare Providers
