

ⁱCDC. Rates of Homicide, Suicide, and Firearm-Related Death Among Children in 26 Industrialized Countries. *MMWR*. 46(5):101-105, 1997.

ⁱⁱThe medical examiner system uses the term “accident” rather than the more current term unintentional injury. Both terms mean the same thing and will be used interchangeably in this report.

ⁱⁱⁱLegal intervention refers to a homicide in which a law enforcement officer kills a person in the line of duty.
