Subject: Update Request : GMP 133 Roth Global Plastics, RMT Septic Tanks

Dear Duke,

Thank you for taking time to speak with me this afternoon in reference to updating our septic tank listing and approvals.

After purchasing the assets of FRALO Plastech Manufacturing in April of 2007, Roth Global Plastics, Inc. began the process of re-branding the FRALO Septech HDPE Septic Tanks to reflect the identity of Roth's family of products. As such the FRALO Septech products have been re-branded as the Roth Multi-Tank. We request that Virginia Department of Health product approvals and GMP listing be updated to reflect this change. As reviewed and approved by John Aulbach, we would also like to add our RMT-1000E, 1000 gallon tank to the updated GMP listing as well.

The only physical differences in the tank include a change in the exterior color of the tank from the familiar FRALO Blue to Black and the use of an NSF 61 listed HMW-HDPE inner layer to allow use in freshwater storage applications.

The model codes as they are shown in the VDH GMP Listing have changed as follows:

Current Listing	Updated Listing
<b>FRALO SepTech</b>	<b>ROTH RMT</b>
ST-750	RMT-750
	(NEW) RMT-1000E
ST-1060	RMT-1060
ST-1250	RMT-1250
ST-1500	RMT-1500

By this letter we certify that aside from the changes detailed above, raw materials, molds, dimensions, manufacturing methods and process, quality program and certifications remain unchanged.

Thank you for your attention to our request, please contact us with any questions.
