How are my grant graded?

- **Grade 1 - Immediate Funding Need**
  Alternative funding sources exhausted or unavailable. System will suffer if program postponed. Program request is of greatest impact to citizens served.

- **Grade 2 - Definite Funding Need**
  Alternative funding limited or delayed availability. Program of high priority. Need is present. Program of high impact to citizens served.

- **Grade 3 - Project Needed Eventually**
  Local funding available in future. System will benefit from improved time table. Limited available funding.

- **Grade 4 - Project Can Be Delayed**
  Local funds available. Program of low impact to citizens served. Consideration will be given as need increases.

- **Grade 5 - Project Not Needed**
  Local funds available. Limited or no impact to service area. Duplication of resources. Consideration will be given as need is evident. Failure to submit a complete application.
Important Evaluation Criteria

• Requested item/project is required for licensure and/or certification (Vehicle, equipment, medications, etc…)

• Equipment requested is required for upgrade from BLS to ALS. (OMD identified, class availability, statement of endorsement from local governing body supporting upgrade)

• Current personnel trained to operate requested items. Equipment matches level of care.

• Vehicle requests will be evaluated based on current vehicle inventory, call volume/vehicle/year and current number of EMS certified personnel. (Guideline/Rule of Thumb: 300 calls/vehicle/year as a minimum.)
Important Evaluation Criteria

- Requesting agency serving more than its own service area, an increasing percent of calls are out of its district.

- Equipment requested to be shared with other EMS agencies.

- Program request identified in local, regional and/or state EMS Plan(s) as priority, impact to citizens served.

- The program/equipment request is compatible with goals and objectives of the Agency, EMS Region and the Commonwealth.
