Emergency Preparedness Exercise Design Fundamentals for CMS Providers
Tools to Meet Your CMS Requirements

Have you met the CMS exercise regulations for the year? If not, attend a workshop that provides the necessary tools to conduct an exercise at your facility. (Bonus: The exercise conducted may meet one of your CMS requirements. See the webpage below for more information.)

Training includes:
- 8 Steps in Developing an Emergency Preparedness Exercise
- Participation in a Table-top Exercise
- Steps for developing an After-Action Report (AAR)

Registration on TRAIN (va.train.org) - Course ID# 1074270
For more information and to find out how this training could meet one of your CMS requirements go to:
