^ See definitions under [Technical Notes](#)

* This report has been updated to include only HIV/AIDS cases first diagnosed between calendar year 2006 and report date, regardless of current case mortality status;
 -AIDS cases previously diagnosed as HIV outside this time frame are not counted.
 -HIV cases diagnosed during this time frame that were afterwards diagnosed as AIDS during the same time frame are only counted once.

***Age at first diagnosis, whether HIV or AIDS.

` The risk category other includes: Adult Hemophilia, Pediatric risk(s), Perinatal, Transfusion, along with Not Interviewed and cases reported with no Identified Risk
