Pool Operator Certification Self Study Course

The Chesapeake Health Department has created a self study course for those individuals wanting to become a Certified Pool Operator. The cost is **\$40** and includes the textbook, Chesapeake pool regulations, exam, and certification card. The fee is nonrefundable.

The course is designed to allow for a **seven day** review of the textbook, *Pool Operation and Maintenance: An Operator's Guide* and *The Chesapeake swimming pool and spa regulations*. The candidate shall then take a **50 (fifty) question written exam** at the Health Department.

Grading of the exam may take up to three days. A **passing score of 80** is required to become certified. The Certification card will be mailed to the Candidate at the address they have provided.

If the Candidate does not pass, they must wait at least **fourteen** days to retake the exam. A **\$20 re-test** fee will be charged.

Pool Operator certification does not expire
