12VAC5-31-2860. EMS System Initiative Awards E-Gift User Guide for Licensed EMS Agencies

EMS – Grant Information Funding Tool (E-Gift)

Welcome to the E-Gift, the online grant application system. E-Gift automates the grant process by using a web-based system. We know you will find this user-friendly tool useful in your grant application writing and submission process.

Eligible Agencies

The Office of EMS recognizes two types of agencies or organizations that are eligible to apply for the EMS System Initiative Awards, Licensed EMS Agencies and Non-Licensed EMS Agencies.

- A **Licensed EMS Agency** is an agency that is authorized by the Office of EMS to provide emergency medical services in the state as an EMS agency.
- A **Non-Licensed EMS Agency** is an agency that is not authorized by the Office of EMS to provide emergency medical services in the state, for example EMS Regional Council, Community College.

You have selected the User Guide that identifies your agency as a **Licensed EMS Agency**.

E-Gift Users

The E-Gift system requires three types of users: an Authorized Agent, a Financial Officer and an Agency Operational Medical Director.

- The **Authorized Agent**, or grant submitter, is the person responsible for the completion of the grant application on the agency's behalf. The authorized agent has the ability to create and make any necessary modifications to the grant.
- The **Financial Officer** is the person responsible for the receipt, care, and disbursement of money of an agency or organization. The Financial Officer will have the capability to review and e-sign the grant; they do not have edit capabilities.
- The **Agency Operational Medical Director (OMD)** is an EMS physician, currently licensed to practice medicine or osteopathic medicine in the Commonwealth, who is formally recognized and responsible for providing medical direction, oversight and quality improvement to an EMS agency and personnel. The OMD will have the capability to review and e-sign the grant. All OMD's have accounts already established with the Office of EMS and are required to use their existing account to log into E-Gift.

Account Creation

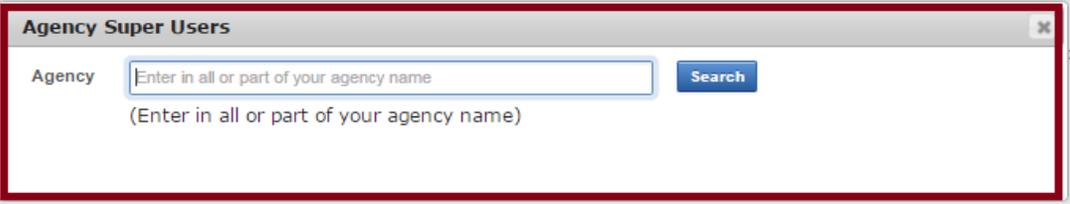

If you are submitting a grant on behalf of a Licensed EMS Agency you need to contact your Licensed **Agency Super User** to have your E-GIFT roles assigned to your agency. The Agency Super User is the person who update agency information, create user accounts, and handle affiliation requests from providers. If your superuser has been changed or is no longer affiliated with your agency, you must contact your OEMS Program Representative <http://www.vdh.virginia.gov/OEMS/Agency/RegCompliance/ProgramRepresentatives.htm> to change the superuser information in the system before you can start your grant. If you do not know the super users for your agency use the search option on the E-gift Log-in screen.

Licensed EMS Agencies: A licensed EMS Agency is an agency that is authorized by the Office of EMS to provide emergency medical services in the state as an EMS agency. If you are submitting a grant for a Licensed EMS Agency you need to contact your Licensed Agency Super User to have your current EMS Portal account set up with E-Gift. The Agency Super User is the person who can access your EMS Agency Portal to update agency information, create user accounts, and handle affiliation requests from providers. If you don't know who your agency super user is, [click here](#) to search your agency to view your agency super user information.

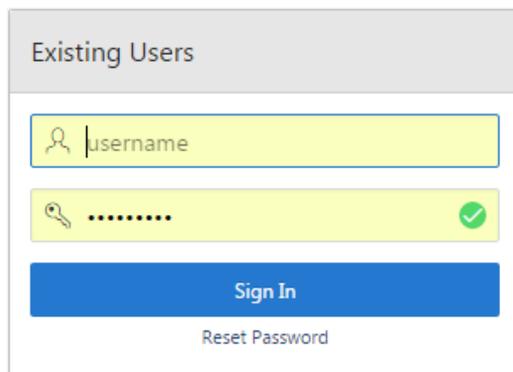

Once your Agency Super User has granted you access login with the EMS Portal User Name and Password to the right of this screen.

Non-Licensed EMS Agency for the established, login with

Non-EMS Agencies EMS Agencies. This Type and enter Veh

After your account has been updated with the E-Gift Authorized Agent role you can log into the E-Gift Application found on the OEMS website at the following URL: <https://www.vdh.virginia.gov/oems/Agency/Grants/index.htm>

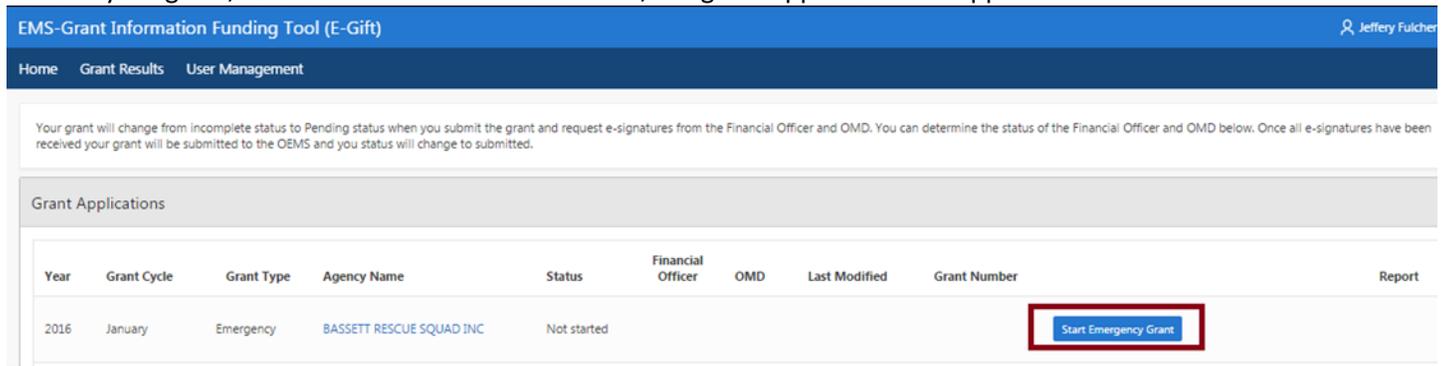

Enter your User Name and Password in the appropriate spaces and click on the **Sign In** Button. Your user name could be your certification number, your first initial and last name, or an email address.

If you have forgotten your password you can have it reset by following the link and the directions on the screen.

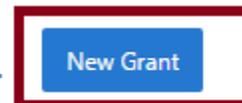

Starting your Grant

To start your grant, select START EMERGENCY GRANT, the grant application will appear.

To submit for a non-licensed EMS Agency click the blue button at the bottom of the page that says “New Grant”.
