

MEMORANDUM

Date:

To: Environmental Health Managers
District Health Directors
VPI/SU Soil Scientists
Authorized Onsite Soil Evaluators
Professional Engineers

GMP #134

From: Donald Alexander
Division of Onsite Sewage and Water Services

Subject: Enviro Loo (Eloo) Privy, Model #2040

Approval: This memo is to convey the approval of the above product for use in Virginia as a vault privy. The product has not received NSF approval as a treatment device, but appears to meet the requirements of the regulations regarding vault or holding privies. The product may be used in any situation where a vault privy may be permitted.

The use in Virginia is subject to the following conditions:

1. The product must be installed according to the manufacturer's recommendations.
2. Because the product has not been approved as a treatment device, all residuals must be properly disposed of by a sewage handler permitted by VDH.
3. The use must comply with all conditions contained in 12 VAC 5-610-980.C.
