This document is intended to be a guide to designers, installers and owners of the Eco-Pure Peat Moss Biofilter system and should be used only to supplement your state and/or local regulations. Please refer to your state and/or local onsite wastewater treatment and disposal regulations for details pertaining to your systems design, installation and maintenance requirements. All systems incorporating the Eco-Pure Peat Moss Biofilter must be designed by a state registered Professional Engineer or an approved system designer. The Eco-Pure Peat Moss Biofilter must be installed per the manufacturer's Installation Guide, January, 2010. Only factory trained personnel may install the Eco-Pure Peat Moss Biofilter. Routine inspection and maintenance must take place at least once per year. Maintenance must be performed per the Eco-Pure Maintenance Manual, January, 2010. Only factory trained service providers may perform maintenance.
