General Information

Introduction

State and federal regulatory programs guard the health, safety, and welfare of the public by establishing and enforcing standards to assure quality health care. The Office of Licensure and Certification (OLC) of the Virginia Department of Health (VDH) administers the state licensing programs for nursing facilities, hospitals, and surgical centers, home care organizations, and hospice programs. OLC/VDH is also the state survey agency for the federal certification programs under the Center for Medicare and Medicaid Services (CMS), i.e., Medicare and Medicaid. In addition, the OLC investigates consumer complaints regarding the quality of health care services received.

Inspection activities are used to satisfy both state licensure and federal certification requirements. The OLC’s medical facilities inspectors are health care professionals such as physicians, registered nurses, dietitians, and social workers.

This directory contains contact information for inpatient hospitals and outpatient surgical centers. Additional information can be found on our website at: www.vdh.virignia.gov/olc. Information about the Medicare hospitals and surgical centers can be found at: www.medicare.gov, then click on ‘Hospital Compare in Your Area.’

Disclaimer

This information is provided as a public service by the OLC/VDH and updated biannually. While every effort is made to assure accuracy, the information may be incorrect due to recent changes in hospital or surgical center name or address. This information should not be used as a sole source in selecting an inpatient hospital or outpatient surgical center.
