Budgeted State Share and Resources equals G/F Target

**"Oh, that's just Portsmouth"**

**Kennedy Brown**

**Recommendations for the Portsmouth Health Department:**

- Ensure VDH's values are demonstrated in an effective, timely and accurate manner.
- Seek innovative avenues to enhance partnerships with the department of social services, other local organizations, faith based communities, and schools to maximize access to care.
- Consider the use of leaflets with information about important services, contacts, and the location of the HD, in order to encourage residents to seek care and utilize resources when needed.
