Dear Client:

Our records show you get services from the Virginia Medication Assistance Program (VA MAP) and have insurance through your job. VA MAP pays some copays and other costs for medications after your insurance pays its part. We know that people have reduced work hours or have lost jobs due to the COVID-19 outbreak. This is probably affecting your insurance coverage.

VA MAP wants to make sure you can still get your medications. If you need to pay more for your insurance coverage through your job or you have lost your insurance, please contact your local case manager or VA MAP (1-855-362-0658) right away to see how we can help.

Sincerely,

The Virginia Medication Assistance Program
