Procedure for Treatment Requiring a Medication Exception

- ✓ Medications for treatment experienced patients require a medication exception form, and are noted within the formulary along with exception criteria.
- ✓ A VA MAP medication exception form required is for the initial prescription, documenting authorized indications in the “Reason for Exception” section and related medication history to the requested medication.
- ✓ To request a medication exception, please complete the medication exception form(s) and fax to VA MAP at 804-864-8050.

Medication Exception Forms can be found, under the Policies, Forms, and Resources tab, at: <http://www.vdh.virginia.gov/disease-prevention/vamap/>

Eligibility Criteria
