AIDS Drug Assistance Program Treatments

Description from the Health Resources and Services Administration (HRSA) Policy Clarification Notice 16-02:
The AIDS Drug Assistance Program (ADAP) is a state-administered program authorized under RWHAP Part B to provide U.S. Food and Drug Administration (FDA)-approved medications to low-income clients living with HIV who have no coverage or limited health care coverage. HRSA RWHAP ADAP formularies must include at least one FDA-approved medicine in each drug class of core antiretroviral medicines from the U.S. Department of Health and Human Services’ Clinical Guidelines for the Treatment of HIV. HRSA RWHAP ADAPs can also provide access to medications by using program funds to purchase health care coverage and through medication cost sharing for eligible clients. HRSA RWHAP ADAPs must assess and compare the aggregate cost of paying for the health care coverage versus paying for the full cost of medications to ensure that purchasing health care coverage is cost effective in the aggregate. HRSA RWHAP ADAPs may use a limited amount of program funds for activities that enhance access to, adherence to, and monitoring of antiretroviral therapy with prior approval.

Program Guidance:
HRSA RWHAP Parts A, C and D recipients may contribute RWHAP funds to the RWHAP Part B ADAP for the purchase of medication and/or health care coverage and medication cost sharing for ADAP-eligible clients.

Virginia Ryan White Part B Service Unit Definition:
One ADAP medication pick-up with one or more ADAP medications (e.g., five medications picked up at one time = one unit).

All service provision will comply with the Department of Health and Human Services (HHS) Guidelines and the Commonwealth of Virginia Department of Health (VDH) Service Standards for people with HIV, including the following:

1.0 Intake and Eligibility
As outlined in HRSA HAB Policy Clarification Notice 21-02 Clarifications (PCN) on Ryan White Program Client Eligibility Determinations and Recertification Requirements, people are eligible to receive RWHAP services when they meet each of the following factors:

1. HIV Status: A documented diagnosis of HIV. (Note: People who do not have an HIV diagnosis are eligible to receive certain services as outlined in HRSA HAB PCN 16-02
2. **Low-Income:** The RWHAP recipient defines low-income. Low-income may be determined based on percent of Federal Poverty Level (FPL), which can be measured in several ways (e.g., Modified Adjusted Gross Income, Adjusted Gross Income, Individual Annual Gross Income, and Household Annual Gross Income).

3. **Residency:** The RWHAP recipient defines its residency criteria, within its service area. Note: Immigration status is irrelevant for the purposes of eligibility for RWHAP services. RWHAP recipients or subrecipients should not share immigration status with immigration enforcement agencies.

### Transition and Discharge

2.7) Client discharged when ADAP services are no longer needed, goals have been met, upon death or due to safety issues. *(see 2.8)*

Prior to discharge: Conduct discussion with client over reasons for discharge and options for other service provisions. Whenever possible, discussion should occur face-to-face. If not possible, provider should attempt to talk with client via phone. If verbal contact is not possible, a certified letter* must be sent to client’s last known address. If client is not present to sign for the letter, return to the provider.

*Exception: If the client has noted during the intake or at any other time to the VA MAP staff that sending mail is not permitted, no letter will be sent. If this is the case, VDH will document this in progress notes and discharge summary.

**Documentation:** Client’s record must include:

- Date services start
- Special client needs
- Services needed/actions taken, if applicable
- Date of discharge
- Reason(s) for discharge
- Referrals made at time of discharge, if applicable.
**Transfer:** If client transfers to another location (state), agency or service provider, transferring agency will provide discharge summary and other requested records within 5 business days of request. If client moves to another area, transferring agency will make referral for needed services in the new location.

**Unable to Locate:** If client cannot be located, agency will make and document a minimum of three follow-up attempts on three separate dates (by phone or in person) over a three-month period after first attempt. The three attempts should start no later than three months prior to the due date. A certified letter* must be mailed to the client’s last known mailing address within five business days after the last attempt to notify the client. The letter will state case closure within 30 days from the date on the letter if no appointment is schedule with the provider.

*Exception: If the client has noted during the intake or at any other time to the subrecipient staff that sending mail is not permitted, no letter will be sent. If this is the case, case managers will document this in progress notes and discharge summary.

**Withdrawal from Service:** If client reports no longer needing services or decides to no longer participate in the Service Plan, client may withdraw from services. Because clients may withdraw for a variety of reasons it may be helpful to conduct an exit interview to ensure understanding reasons for withdrawal, or if client still needs services identify factors interfering with the client’s ability to fully participate. If other issues are identified that cannot be managed by the agency clients should be referred to appropriate agencies.

**Administrative Discharge:** Discharge clients who engage in behavior that abuses the safety or violates the confidentiality of others. Prior to discharging a client for this reason, agency

| Document attempts made |
leadership according to that agency’s policies must review the case. Provide clients discharged for administrative reasons written notification of and reason for the discharge and notify of possible alternative resources. A certified letter* that notes the reason for discharge and includes alternative resources must be mailed to the client’s last known mailing address within five business days after the date of discharge, and a copy must be filed in the client’s chart.

*Exception: If the client has noted during the intake or at any other time to the subrecipient staff that sending mail is not permitted, no letter will be sent. If this is the case, case managers will document this in progress notes and discharge summary.
