Background: Medicaid Unwinding

- During the Public Health Emergency, states received funds from the federal government to maintain enrollment of nearly all Medicaid enrollees
  - Called continuous enrollment condition
  - Authorized by Families First Coronavirus Response Act (FFCRA)
- The Consolidated Appropriations Act of 2023 delinked the FFCRA's Medicaid continuous enrollment condition from the end of the COVID-19 Public Health Emergency
  - States are now able to resume normal operations, including terminating individuals who no longer qualify for Medicaid
  - Called Medicaid Unwinding
  - States have until March 31, 2024 to return to normal operations
- Result: It is expected that approximately 300,000 Virginians will lose coverage and need to shop for individual qualified health plans
Background: Marketplace Insurance

- 2010: ACA passed
- 2013: Federally Facilitated Marketplace, Healthcare.gov, was created as a way for individuals to purchase qualified health plans
  - States had the option of setting up their own state-based marketplace
    - Required time and resources
    - Many states, including Virginia, opted to use Healthcare.gov
- 2020: General Assembly directed the State Corporation Commission to establish the Virginia Health Benefits Exchange and begin the process of transitioning Virginia from Healthcare.gov to a state-based marketplace
  - Beginning with Open Enrollment for 2024 plans, Virginians will purchase individual qualified health plans through Virginia’s Insurance Marketplace

3. Work to reduce the number of uninsured Virginians.
Transition to a State-Based Marketplace

- On September 29, 2022, the SCC awarded a nine-year contract to GetInsured for Virginia’s platform and consumer assistance center.
- Contract serves as the foundation for a state-base health insurance marketplace that is operated in Virginia for Virginians.
- GetInsured operates in 9 of the 19 state-based Exchanges nationwide.
- Successfully transitioned NV, NJ, and PA, from the FFM to their own state-based platforms.
- Virginia’s platform and consumer assistance center will be integrated and will be staffed by customer service representatives dedicated to Virginia.
What is Virginia’s Marketplace?

Virginia’s Marketplace fully replaces HealthCare.gov for Virginia.

It will provide health plan shopping and enrollment services for individuals and families.

To be eligible for Virginia's Marketplace coverage, individuals / households must:

1. Reside in Virginia;

- Financial Assistance Programs, including:
  - Advance payments of the premium tax credit (PTC) toward monthly premiums
    - Have a household income starting at 100%
