VDH VIRGINIA DEPARTMENT OF HEALTH

HIV Continuum of Care for CHARLII Clients

January 1, 2022- December 31, 2022

National HIV/AIDS Strategy Goals for the HIV Continuum of Care

HIV Continuum of Care Measure	2025 Goal
Linkage to HIV care within 30 days	95% (from 77.8% in 2017)
Retention in care	*Objective: Increase retention in care and adherence to HIV treatment to achieve and maintain long-term viral suppression and provide integrative HIV services for HIV-associated comorbidities, coinfections, and complications, including STIs.*
Viral suppression	95% (from 63.1% in 2017)
