

Virginia Medication Assistance Program's (VA MAP) Guide for Medicare Open Enrollment 2025

October 10, 2024

The 2025 Medicare open enrollment period is here! The dates for open enrollment are October 15-December 7. In order to get co-pay and/or premium assistance, you must **give all 2025 Medicare prescription drug plan documents to Benalytics directly**. Benalytics can also help you enroll in a plan or change your plan.

Are you currently enrolled in a Medicare drug plan?

- Make sure your plan covers your medicines and decide if you want to keep your current plan or change plans.
- If you need to change your plan, Benalytics will help you. Make an appointment with Benalytics at <https://myvamap.com/> or call them at 855-483-4647.
- Share your policy documents (card copy, monthly billing statement) with Benalytics when you get them in the mail.

Are you eligible for Medicare and do not have a Medicare drug plan?

- Benalytics can help you. Make an appointment with Benalytics at <https://myvamap.com/> or call them, 855-483-4647.
- Share your policy documents (card copy, monthly billing statement) with Benalytics when you get them in the mail.

If Benalytics does not get your 2025 Medicare plan documents, VA MAP will not be able to help with your medication copays or monthly insurance premiums. If you don't use Benalytics, you will only get your medication through VA MAP's uninsured program.

Contact Benalytics to provide your 2025 policy documents or for enrollment assistance at 855-483-4647.

[Contact the Call Center at 855-362-0658 if you have questions](https://myvamap.com/)
