

VDH VA MAP

Open Enrollment 2026

For Clients Enrolling in Medicare (Parts C & D)

- Some insurance carriers changed their plans for 2026.
- Benalytics can help you find a prescription drug plan for your medications and provider needs (if enrolling in a Part C/Medicare Advantage).
- **All Medicare billing statements and card copies must be sent to Benalytics by January 15, 2026.**

For ACA Eligible Clients

- Client enrollment began November 10, 2025 instead of November 1, 2025.
- **Enrollment must be completed by Benalytics. Enrollments not completed by Benalytics will not be accepted.**
- All premium tax credits will be applied at the time of enrollment to lower the cost of your monthly premium.
- **VDH will only pay for silver level plans.**
- Do not let your policy auto-renew for 2026. Contact Benalytics for help in updating your 2026 plan information.
- If your ACA enrollment is accepted by VDH, you must regularly access your medications using your Ramsell card. Contact the Call Center if you do not have a Ramsell card.

Take Note

- If you are eligible for Medicaid, you must apply for it with assistance from Benalytics.
- If your provider gave a valid, written attestation to VDH, you do not need to apply for Medicaid and may continue to receive medication under Direct MAP.
- If you are eligible for Medicaid and refuse to apply, your provider and VA MAP will assist you with enrolling into Patient Assistance Programs (PAPs).

Reminder: If you receive assistance from PAPs, you will not be able to receive VA MAP services.

Open Enrollment Dates

Medicare

- October 15, 2025 through December 7, 2025

Affordable Care Act (ACA)

- November 10, 2025 through January 30, 2026

Only ACA enrollments completed through Benalytics will be accepted by the program.

For enrollment appointments with Benalytics, please go to website myvamap.com or call toll-free 855-483-4647.

For any other questions, call the VA MAP Call Center at 1-855-362-0658.

Your Provider Will

- Help **you** gather required documents.
- Remind **you** of open enrollment period dates.
- Discuss PAPs or CAPs when applicable.
- Update **your** eligibility information, if necessary.
