If You're Eligible for the Affordable Care Act (ACA) Insurance through the Virginia Insurance Marketplace (VIM):

- You **must use Benalytics** to enroll in insurance through the Virginia Insurance Marketplace. Benalytics is VA MAP's enrollment assister and must be listed as the agent of record on each client's account.
- **Do not let your policy auto-renew for 2027.** Contact Benalytics to help with your new enrollment through the VIM.
- **Currently Enrolled with Cigna Healthcare?** This carrier will not be an option in 2027. You will need to choose a new insurance carrier. Check with your healthcare providers about what insurance carriers they accept.

What to Do Next:

- **Watch for mail** with details about open enrollment.
