

THE VIRGINIA IMMUNIZATION INFORMATION SYSTEM

How To Search For A Patient And Print The
Immunization Record In VIIS

- The Primary Function Of The Virginia Immunization Information System, Or VIIS Is The Ability To Find And Print Or View A Patient's Immunization Record.
- Once You've Logged In And Are On The Homepage, The Search Feature Can Be Accessed Through Either Of The Patient Search Links.
- Both Links Will Redirect You To The Patient Search Screen. The Difference Between Them Isn't Where You Will Wind Up, Once You Have Located Your Patient.
- The Link Under The Patients Sub Menu Will Direct You To That Patient's Personal Information. The Link Under The Immunizations Sub Menu Will Take You Directly To The Patient's Immunization Record.

- Patient search screen contains several fields, which can be used to locate the patient you're looking for and while it is possible to make use of all of these fields in your search, The most efficient ways to search are by utilizing your patient's VIIS ID.
- Medical record number, or a combination of last name, first name, and date of birth.
- If this is your first time searching for a particular patient, you will want to search by a combination of last name, first name, date of birth, as you will most likely not have the patient's VIIS ID or an associated medical record number available.

organization Vaccination Station/VX333 • user Jeramy Bearamy • role IR Typical User

Patient Search Criteria

Search by Patient

** Minimum search criteria includes any two fields.*

Last Name Mother's Maiden Name

First Name Mother's First Name

Middle Name Home Phone - -

Birth Date Cell Phone - -

Search by Medical Record Number

** Medical Record Number*

Search by VIIS ID

** VIIS ID*

- At least two fields are required when conducting a search using fields other than the VIIS ID or Medical Record Number.
- Start your search with just a few letters of the patient's first and last names.
- Too much information at once can decrease the odds of finding the patient.

Search by Patient

** Minimum search criteria includes any two fields.*

Last Name × Mother's Maiden Name
 First Name Mother's First Name
 Middle Name Home Phone - -
 Birth Date Cell Phone - -

Search by Medical Record Number

** Medical Record Number*

Search by VIIS ID

** VIIS ID*

- The results of your search will appear at the bottom, under “Possible Matches.”
- If there are multiple results for your search, you may refine your search by adding additional letters to the patient’s name or other information such as the Birth Date.
- When you have located your patient, click on the [hyperlink in the patient’s last name](#) to view the patient profile.

Medical Record Numbers

- Overall the immunization record is the same with a few notable changes:
- The **VIIS ID** ① has moved and is now located to the right of the Medical Record Number.
- The Patient's **Current Age** ② is now near the top of the page, between the Patient Information and the Immunization Record.
- Tdap** ③ is now displayed as one vaccine and no longer split into TD and Pertussis.

- The Signature section is unchanged.
- A **Physician or Registered Nurse** are still required to sign in any section other than the very bottom section.
- A signature in that last section means that this is an official copy of the patient's record, though it does not verify that the patient is adequately or age appropriately immunized.

I certify that this child is ADEQUATELY OR AGE APPROPRIATELY IMMUNIZED in accordance with the MINIMUM requirements for attending school, childcare or preschool prescribed by the State Board of Health's Regulations for the Immunization of School Children (Minimum requirements are listed in Section III).

Signature of Medical Provider or Health Department Official: _____
Title: _____ **Date (Mo./Day/Yr.):** ____/____/____

MEDICAL EXEMPTION: As specified in the Code of Virginia § 22.1-271.2, C (ii), I certify that administration of the vaccine(s) designated below would be detrimental to this student's health. The vaccine(s) is (are) specifically contraindicated because (please specify):

 DTP/DTaP/Tdap:[] ; DT/Td:[] ; OPV/IPV:[] ; Hib:[] ; Pneum:[] ; Measles:[] ; Rubella:[] ; Mumps:[] ; HBV:[] ; Varicella:[]
 This contraindication is permanent: [] , or temporary [] and expected to preclude immunizations until: Date (Mo., Day, Yr.): ____/____/____.

Signature of Medical Provider or Health Department Official: _____
Title: _____ **Date (Mo./Day/Yr.):** ____/____/____

RELIGIOUS EXEMPTION: The Code of Virginia allows a child an exemption from receiving immunizations required for school attendance if the student or the student's parent/guardian submits an affidavit to the school's admitting official stating that the administration of immunizing agents conflicts with the student's religious tenets or practices. Any student entering school must submit this affidavit on a CERTIFICATE OF RELIGIOUS EXEMPTION (Form CRE-1), which may be obtained at any local health department, school division superintendent's office or local department of social services. Ref. Code of Virginia § 22.1-271.2, C (i).

CONDITIONAL ENROLLMENT: As specified in the Code of Virginia § 22.1-271.2, B, I certify that this child has received at least one dose of each of the vaccines required by the State Board of Health for attending school and that this child has a plan for the completion of his/her requirements within the next 90 calendar days. Next immunization due on _____.

Signature of Medical Provider or Health Department Official: _____
Title: _____ **Date (Mo./Day/Yr.):** ____/____/____

This is an official replication of the immunization record for the above person. Dates of immunization are either dates given or dates recorded with your physician or with the Virginia Department of Health.

Signature of Vaccination Station staff: _____
Title: _____ **Date (Mo., Day, Yr.):** ____/____/____

COMMENTS: This record was obtained by the Virginia Immunization Information System, the statewide immunization registry, through the Virginia Department of Health. It may or may not reflect a complete immunization history.
