What do you do if you get Bug Beds????

Don't Panic!

Throwing out furniture is very expensive

Sleep Tight can save furniture

Temperature and Time

What are we going to charge?

We will use a simple invoice

\$25 per piece of furniture
(excluding sleeper sofas & king mattress)

Minimum Heat Treatment fee \$200

Minimal fee for pick up and return depending on distance

Add on fee for each flight of stairs

Benefits

- * Immediate response to your clients needs
- * Logistics, clients don't need their own vehicle
- * Less handling of furniture, only moved when loading & returning back to the home
- * LOW COST
- * Donated furniture is heat treated before entering the warehouse
- * Enhances success rates when using chemicals
- * YOU personally can use our services

Sample of uses

- * Hospital beds
- * Community centers with chairs and sofa in a common area that is contaminated
- * Dialysis Centers
- * Rental Furniture Companies on returned items
- * Thrift Stores & personal purchases
- * Antique furniture with fabric that may have damage with Sterifab
- * Travelers can drop off their suitcases before opening on their own bed
