**80,213** HOURS

dedicated to support COVID-19 vaccination efforts since 12/23/20

#### Notes from the Coordinator

Hi All!

Whew... I don't have to tell you all just how busy our units have been (you all are a part of it!) I know you are all exhausted and burnt out, but we couldn't help our community battle this pandemic without you. You all have contributed more than 100,000 hours since March 2020... 80,000 just in vaccination efforts alone!

We look forward to the new year and seeing what 2022 has in store for our MRC unit and volunteers (hopefully more "normal" activities and training!). You all are an incredible force. Thank you to each and every one of you for your dedication to COVID-19 efforts

Much love and admiration,  
Alyssa Lewis
