

NONHUMAN PRIMATES
A Sample of Scientific and Common Names

NEW WORLD MONKEYS

Family: *Callitrichidae*

Genera and species:

- Callithrix sp.* (marmosets, titis)
- Cebuella sp.* (pygmy marmosets)
- Leontopithecus sp.* (lion tamarins)
- Saguinus sp.* (marmosets or tamarins)

Family: *Cebidae*

Genera and species:

- Alouatta sp.* (howler)
- Aotus trivirgatus* (owl, night)
- Ateles fusiceps*, *A. paniscus* (spider)
- Callicebus sp.* (titi)
- Cebus albifrons*, *C. nigrivittatus*, *C. apella* (capuchin)
- Lagothrix lagothricha* (wooley)
- Saimiri sciureus* (squirrel)

OLD WORLD MONKEYS

Family: *Cercopithecidae*

Genera and species:

- Cercopithecus sp.* (African greens, grivets, vervets, guenons)
- Colobus sp.* (colobus)
- Erythrocebus* (patas)
- Macaca arctoides* (stumptailed macaque), *M. fascicularis* (cynamolgus or crab eating), *M. fuscata* (Japanese), *M. mulatta* (rhesus), *M. nemestrina* (pigtailed), *M. radiata* (bonnet), *M. sylvanus* (Barbary)
- Mandrillus sp.* (drills, mandrills)
- Papio sp.* (baboons)

GREAT APES

Family: *Pongidae*

Genera and species:

- Gorilla gorilla* (gorilla)
- Pan troglodytes* (chimpanzee), *P. paniscus* (pygmy chimpanzee, bonobo)
- Pongo pygmaeus* (orangutan)

LESSER APES

Family: *Hylobatidae*

Genera and species:

- Hylobates sp.* (gibbons)

LOWER PRIMATES

Family: *Cheirogaleidae* (dwarf and mouse lemurs)

Family: *Daubentoniidae* (aye-aye)

Family: *Indriidae* (indris and sifkas)

Family: *Lemuridae* (lemurs)

Family: *Lorisidae* (bush babies, pottos, lorises, galagos)

Family: *Tarsiidae* (tarsiers)
