Definition of Certificate Types

Certificate of Death: Image copy of the Certificate of Death

Verification of Death: Certified document to verify death. Data elements included on the Verification of Death are decedent's name, date of death, place of death, date of birth and last four numbers of the social security number.

Certificate of Birth Resulting in a Stillbirth: Certificate issued on stillbirth records for gestations 20 weeks or greater. This certificate can only be issued to the parents.

Amendment Guidance

Most items (misspelling of the name of the registrant and/or parents, incorrect date and/or place of death, incorrect address, incorrect date of birth, incorrect sex of registrant, etc.) on a death certificate can be corrected either administratively or judicially. There are several provisions outlined in the Code of Virginia and the Regulations Governing Vital Records detailing how a death certificate can be amended. To properly advise the Office of Vital Records must review the death certificate.
