Virginia Vaccination Prioritization: Phase 1a – Healthcare Workers  
COVID-19 Vaccine Inquiry**

The Roanoke City and Alleghany Health Districts are diligently working on COVID-19 vaccination plans. At this time, we are seeking input from healthcare providers to determine the need for staff vaccination. Please review this email carefully and respond appropriately. **If your agency falls within one of the categories below, please complete the following survey to be placed on our list of organizations to potentially receive COVID-19 vaccines.** This survey is only for healthcare organizations to notify the Roanoke City and Alleghany Health Districts of your workplace specifics and how many healthcare staff you have that meet the criteria to be vaccinated against COVID-19. This does not guarantee that you will receive COVID-19 vaccines but will help us determine the demand for vaccines.

**Please see the following website for detailed information on the Virginia Vaccination Prioritization Guidelines: Phase 1a – Healthcare Workers and Long-Term Care Residents:**
