Reminders:

Submit all attachments, documentation, and necessary forms. VDH will consider up to three applications per regulated waterworks submitted through the Planning & Design Fund Program application process in any funding year. However, funding offers will be limited to a maximum of two active funding offers per eligible waterworks owner per funding year. ODW intends these funds to position waterworks for application for construction funding for larger projects. The applicant shall not scope distribution-system projects into separate smaller projects for the same single distribution zone. Projects awarded Planning & Design Funds must be complete within 15 months of signing of the contract, and therefore, be achievable within that timeframe. Projects that exceed the 15-month timeframe may have funding withdrawn.

All recipients must comply with the Virginia Public Procurement Act, our program requirements, and procurement procedural guidelines.

Section H: Application Submittal Instructions

VDH will consider up to three applications from a waterworks owner in each funding year. However, due to the demand for the Program and limited funds for projects, offers will be limited to a maximum of two grants, of not more than \$35,000 each, per eligible waterworks owner per funding year. Multiple applications from one owner must be for different areas of a waterworks' infrastructure (e.g. source, treatment, distribution, security, etc.) or for a completely different waterworks (i.e., a waterworks with a different PWSID #). VDH reserves the right to fund a project received at any time during the year, or to by-pass any project for lack of progress at any time. VDH also reserves the right to decide if funding is contingent upon adjusting water rates and/or requiring savings for financial reserves. Funding is not contingent on receiving a local match. **Please note that applications are accepted year-round.**

Applicants are required to submit a full electronic copy of the application. Please provide a complete digital copy of the application and all supporting documents in pdf format to both:
