

TIPS FOR PREVENTING LEAD EXPOSURE IN THE HOME

VDH VIRGINIA
DEPARTMENT
OF HEALTH

1

Wet-wipe and wet-mop around windowsills and home entrances

2

Wash children's hands and toys regularly, especially after they play outside

3

Prevent children from playing in bare soil

4

Remove shoes before entering the home

5

Run water for 60 seconds before use, and cook with cold water only

For more information on how to stay lead safe, please visit
