

C. AURIS AND CPO COLONIZATION SCREENING 101

Everything you need to know about colonization screening through the CDC's AR Lab Network

REGISTER HERE!

Join us for the webinar on Monday, November 15th from 12:00 - 1:00

CE Available for the Webinar!

After registering, you will receive a confirmation email containing information about joining the webinar

1

Objectives:

- Describe how MDROs transmit through healthcare facilities.
- Describe the role their healthcare facility type plays in limiting further transmission throughout a region.
- Compare the different types of MDRO surveillance and which types apply at their healthcare facility.
- Identify infection prevention and control practices they should implement at their healthcare facilities to prevent MDRO transmission.
- Recognize current practices for communicating a patient/resident MDRO status, both inside and outside their facility and identify key strategies for improving interprofessional care through clear multidisciplinary communication.

2

Speakers:

- Dr. Elizabeth Soda, MD
Medical Officer
Centers for Disease Control and Prevention
- Dr. Joseph Sexton, PhD
Microbiologist
Centers for Disease Control and Prevention
- Liore Klein, MSPH
Lab-Epidemiology Coordinator, AR Lab Network Program
Maryland Department of Health

3

Accreditation Statements:

In support of improving patient care, this activity has been planned and implemented by Centers for Disease Control and Prevention and D.C.
