

## Hospital COVID-19 Data Reporting Transition to NHSN

### What we know

- Hospitals have been reporting COVID-19 data to the Department of Health and Human Services (HHS) TeleTracking system throughout the pandemic
- The CDC's National Healthcare Safety Network (NHSN) will assume responsibility for collection of COVID-19 hospital data on December 15, 2022
- No changes in reporting for the hospitals until mid-December 2022
- Dual reporting into NHSN for testing purposes is now live
  - Update on testing data submission in the COVID-19 hospital module: NHSN is aware of some issues identified during the testing period, and the team is currently working to address these in the application before the December transition
- The [Transition of COVID-19 Hospital Reporting](#) website contains all available information and will be updated regularly by the Centers for Disease Control and Prevention (CDC)

### What steps to take now

- Facility enrollment and access
  - Actions needed for the facilities to prepare for transition, in terms of enrollment and access can be [found here](#)
- NHSN OrgID verification
  - Confirm the NHSN OrgID for your facility is correctly entered in the TeleTracking system. Follow the instructions in the [guidance here](#)
- NHSN Groups
  - Facilities and groups will be able to view their own data within the NHSN platform. For information about the Group function, please visit: <https://www.cdc.gov/nhsn/group-users/index.html>
- Reporting
  - No changes in reporting are expected but different scenarios for preparation for the transition can be [found here](#)

### What's coming next

- Information about upcoming trainings and recordings of all webinars conducted by CDC are posted on the [CDC website](#):
  - Topic 1: [NHSN Transition Preparation](#)
  - Topic 2: [Data Submission: Overview of Webform and CSV Upload](#)
  - Topic 3: Data Submission: [Overview of Set-up for Bulk Upload](#)
- Updated NHSN forms developed by CDC should be available very soon

- **Virginia Hospital COVID-19 Data Reporting and NHSN Transition Webinar**
  - The Virginia Department of Health (VDH) and the Virginia Hospital & Healthcare Association (VHHA) will be hosting a webinar on Nov. 15 at noon that will feature updates from VDH on Hospital COVID-19 Data reporting and the transition to National Healthcare Safety Network (NHSN). Register at <https://attendee.gotowebinar.com/register/793361837552430348>
- Facilities are able to voluntarily report to NHSN soon. The timeline will be communicated with facilities once more information is available.

For questions and assistance, you can reach out to [NHSN@cdc.gov](mailto:NHSN@cdc.gov)

*There are also several upcoming CDC trainings for hospitals:*

**Open to all hospitals & Jurisdictions** (additional trainings/replays to come) *Note: these links will be added to the website soon.*
