

# BUILDING STRONGER INFECTION PREVENTION EDUCATORS — ONE MILE AT A TIME!

## INFECTION PREVENTION EDUCATOR ROADSHOW

June - July 2026 See registration for dates & locations

GET  
READY!

The 2026 Infection Prevention Educator Roadshow is hitting the road with **5 in-person** sessions across Virginia this summer!

Hosted by the **VDH HAI & AR Program**, this **no-cost**, one-day event is packed with hands-on training and real-world teaching strategies designed for those who train healthcare workers on infection prevention.

-  **Strengthen Your Educator Toolkit:** Built for IPs, DICOs, and health educators ready to grow their infection prevention teaching skills, whether you're just getting started or looking to sharpen and refresh what you already do.
-  **Build It as You Learn:** With new hands-on exercises and more dedicated build time than ever, you'll create ready-to-use education you can bring back and use right away.
-  **Use It Tomorrow:** Walk away with a take-home bag of practical, ready-to-use educator tools so you can confidently train your teams on infection prevention right away.

### SKILLS YOU'LL PRACTICE:

- Get hands-on building a new training
- Test-drive new training hacks
- Put VDH Power Tools to work
- Bring hand hygiene training to life
- Pick the right resource for the right crowd
- Assemble your educator toolkit
