Between 2018 and 2023, Virginia has seen MDR-TB cases in clients born in the following countries:
Ethiopia, Peru, Philippines, and Vietnam.

The 2023 WHO Global Tuberculosis Report can be found here: <https://www.who.int/teams/global-tuberculosis-programme/tb-reports/global-tuberculosis-report-2023>

All patients with presumptive (or proven) drug resistant TB should be subjected to more stringent criteria to declare absence of infectivity and subsequent release from airborne isolation.
