

PlanktoScope Workshop 2024 -- Space is limited so register now!

WHEN: February 26, 2024 from 3:30 – 4:30 *just after the HAB TF Meeting*

WHERE: VIMS CLASSROOM A/B *down the hall from the auditorium*

REGISTER: https://docs.google.com/spreadsheets/d/1IAH4-tqntdmcAmEG_MtkFu02uJUDes_ohPxyGRaZEZ0/edit#gid=0

ODU is recruiting field personnel to help increase our HAB surveillance using PlanktoScopes, which are low-cost imaging microscopes, that we will provide for free and train personnel to use.

Attend this workshop to see a PlanktoScope in operation!

ODU and trained field personnel will begin deploying PlanktoScopes in the field in late spring, early summer, 2024.

The workshop will follow the HAB Task Force meeting at the Virginia Institute of Marine Science in Gloucester, VA. If you are interested but can't attend, email Margie Mulholland at mmulholl@odu.edu.
