CORE PRINCIPLES FOR SCHOOL NURSES 2020

1. PROPER USE OF PPE, HANDWASHING & PHYSICAL DISTANCING
   - Remember the 3 W’s
   - wear your mask
   - wash your hands
   - watch your distance

2. FACE SHIELDS & MASKS WORN IN CLINIC
   - N95 masks require FIT testing

3. PHYSICALS & IMMUNIZATIONS ARE REQUIRED FOR SCHOOL START

4. HEARING & VISION SCREENINGS AS USUAL

5. EMERGENCY ACTION PLANS NEEDED
   - Asthma Action Plans, DDMP, Seizure Management

6. AVOID AEROSOLIZED PROCEDURES AVOID NEBULIZERS

7. SEPARATE ROOM FOR STUDENTS OR STAFF WITH SYMPTOMS

8. NO EATING IN CLINIC OR SYMPTOM OBSERVATION ROOM

9. RETURN TO SCHOOL GUIDANCE
   - Use guidance from CDC to develop local policies:

10. DEVELOP PARTNERSHIPS WITH LOCAL HEALTH DEPARTMENT

Prepared by: Tracy White, Virginia Department of Education
    Joanna Pitts, Virginia Department of Health
    Vickie Southall, University of Virginia School of Nursing
