VIRGINIA DEPARTMENT OF HEALTH
COVID-19 Community Testing Events
November 6 – November 13, 2020
Updated – 11/6/2020

The Virginia Department of Health (VDH) is pleased to offer various Community Testing Events (CTEs) across the Commonwealth between November 6th and November 13th. The following CTEs are hosted or supported by local health departments and are usually open to the general public unless as specified below or directed by the local health department. **No payment is required for these VDH hosted testing events.** Pre-event registration may be required. Testing events and related details regarding locations and times as of initial writing of this document on November 1, 2020 are included below, *and new events added as of November 5th have been added in italics.*

Testing platforms used by VDH for CTEs require a swab and will be sent to a laboratory for analysis. These are *not* rapid point of care tests providing results within an hour. The testing platforms used by VDH, however, (using PCR technology) tend to be the most reliable and will pick up infection after an exposure for a longer period of time.

In addition to testing offered by VDH, individuals can take advantage of other COVID-19 testing opportunities supported by primary care clinics, health systems, retail pharmacies, and other providers. A full list of all regional testing sites can be found at vdh.virginia.gov/coronavirus/covid-19-testing/covid-19-testing-sites/. Rules and requirements for each testing site may differ.

Please direct any questions about the following events to covid19pps@vdh.virginia.gov.

Health District	Date, Time	Location
