### Newly Granted FDA EUA for Bebtelovimab

- The FDA granted an EUA for the Eli Lilly product, Bebtelovimab on 02/11/2022
- Bebtelovimab is a monoclonal antibody authorized for the treatment of active mild-to-moderate COVID-19 in patients 12 years of age and other that are at high risk for progression to severe COVID-19
- For more information on Bebtelovimab, please review the FDA's [fact sheet for healthcare providers](#)

### Reporting Requirements for Therapeutics Usage & Inventory

- **Sites that are not compliant with reporting after February 21<sup>st</sup> will begin to receive a notification on the need to report and may not have their orders fulfilled until they report.**
- Reporting for Sotrovimab is **due every Wednesday by 11:59PM ET** in the in the U.S. Healthcare COVID-19 Portal (i.e., TeleTracking/NHSN)
- VDH has published a job aid for reporting into the U.S. Healthcare COVID-19 Portal, which can be accessed [here](#)
- Reporting courses administered and daily on-hand for Paxlovid, Molnupiravir, Evusheld and Bebtelovimab are **due daily by 11:59pm EDT** in the [HHS Health Partner Order Portal \(HPoP\)](#).
- VDH has published a job aid for reporting into the HHS Health Partner Order Portal (HPoP) [here](#)
- **If you are having challenges with reporting or have questions, please contact [COVID19Therapeutics@vdh.virginia.gov](mailto:COVID19Therapeutics@vdh.virginia.gov) for assistance.**

### Bam/ETE and Regen-COV Monoclonal Antibody Information Reminder

- The return of Bam/ETE and Regen-COV is not recommended; any returned product has to be destroyed
- COVID-19 environment remains dynamic
- Products may be effective against future variants

### Therapeutics Storage Reminder

- If you have storage concerns or challenges:
  - Consider transferring products to another location/site in your region or health system
  - If your facility does not have the appropriate storage space and you would like to transfer product, please contact [covid19therapeutics@vdh.virginia.gov](mailto:covid19therapeutics@vdh.virginia.gov)
- While it is **NOT** recommended, if product **MUST** be returned:
  - For Bam/ETE, see [The Lilly Return Goods Procedure](#); detailed guidance can be found at: <https://www.lillytrade.com/>

- For Regen-COV, call 844-734-6643

Note: Reconstituted (diluted product) SHOULD NOT be returned and should be treated as waste per your facility's SOP

### **Therapeutics Requests in VaxMaX**

- In addition to the other available Therapeutics, Paxlovid and Molnupiravir can now be requested through [VaxMaX](#). Once logged into your VaxMaX account, go to the Provider Portal tab, and click "Request Therapeutics".
- Federal Retail Pharmacy Partners (FRPP) cannot request Therapeutics and must enroll with their retail pharmacy chain to do so.
- When requesting Therapeutics, request based on the number of courses you would like your facility to receive.
- Only pharmacies, healthcare facilities with pharmacies or facilities with a "Physician Selling Controlled Substances Facility Permit", issued by the Virginia Board of Pharmacy, may order Paxlovid or Molnupiravir through VaxMax.

### **Greater Sotrovimab and Paxlovid Availability**

- Please note that due to a decrease in COVID-19 cases, the demand for therapeutics has lessened and there is a greater availability of both Paxlovid and Sotrovimab

### **Updates to the VDH COVID-19 Treatment Locator Tool Reminder**

- Please find the locator tool here: [COVID-19 Treatment Locator - Monoclonal Antibodies \(virginia.gov\)](#)
- If you are not listed on the Locator Tool and provide appointments to the public, please email [covid19therapeutics@vdh.virginia.gov](mailto:covid19therapeutics@vdh.virginia.gov)
