

Are you at high risk for COVID-19 illness?

**VIRGINIA'S
HEALTH
IS IN OUR
HANDS.**
Do your part,
stop the spread.

If you are over the age of **65** or have any of the following **medical conditions**,* regardless of your age, talk to your healthcare provider about available COVID-19 treatments:

- Chronic heart, liver, lung or kidney disease
- Tobacco or substance use disorders
- Solid organ or stem cell transplant
- Mental health conditions
- Overweight and obesity
- Weak immune system
- Sickle cell disease
- Cancer
- Dementia
- Diabetes
- HIV infection
- Pregnancy

Get tested as soon as possible after you start feeling sick. If you test **positive**, call your healthcare provider right away!

Learn more about whether you are at high risk for COVID-19 illness by scanning the QR code with your smartphone by visiting: www.cdc.gov/coronavirus or by calling 1-800-VAX-IN-VA (877-829-4682)
