

COVID-19 Vaccine Storage & Handling Compliance Resources

Last updated 5.6.2022

As a Commonwealth of Virginia COVID-19 Vaccination Provider, you will be required to operate in alignment with COVID-19 storage and handling guidance. We encourage you to view the links below as applicable to ensure your site is prepared to safely receive, store, handle, and administer the vaccine in compliance with all VDH and CDC regulations.

To ensure COVID-19 vaccine compliance, providers should review the COVID-19 Addendum in the [CDC Vaccine Storage and Handling Toolkit](#), the conditions listed in the CDC Provider Agreement, and the [CDC COVID-19 Vaccination Provider Requirements and Support](#).
