

Condom Distribution Program

What is the Condom Distribution Program?

The Condom Distribution Program is a service that provides free condoms, dental dams, and lube to individuals, agencies, and businesses across the region on a routine basis or as requested.

How much does it cost?

All the products in this program are absolutely free! You do not pay for the items or the postage (if you choose to have them mailed to your home or business).

What kind of items are included?

Currently, there are over 30 types of safer sex items in stock. New items are added regularly.

Who can benefit from this program?

This program is great for anyone who, for any reason, cannot access items in stores. Many community organizations, restaurants, bars, churches, beauty salons, and barber shops have enrolled in the program to help encourage safer sex practices throughout the community.

How can I get my order?

To find out more, place an order, or find out what items are in stock, contact Jason Elliott, Community Testing Coordinator at Jason.Elliott@vdh.virginia.gov or call (434) 989-3292.
