RE: Boshart Pitless Units and Well Caps

Dear Mr. Falconer,

By email dated October 30, 2017, to Stephen Elgin, P.E., Technical Services Engineer, you requested approval for 10 Boshart Industries products for use with private wells in Virginia. Specifically, you requested approval of the following items:

- Pitless units for 8, 10 and 12 inch wells, with model numbers as follows:
  - IPD08, IPD10, and IPD12 (all constructed of ductile iron); and
  - IPS08, IPS10, and IPS12 (all constructed of stainless steel).
- Well caps for 8, 10 and 12 inch well casings and for the above-listed pitless adapters, with model numbers as follows:
  - WTCL-C08, WTCL-C10, WTCL-C12, and WTCL-C14.

The above-listed Boshart pitless adapters and well caps are currently certified under the Water Systems Council (WSC) Water Well Standards PAS-97 (2017) – WSC Performance Standards and Recommended Installation Procedures for Sanitary Water Well Pitless Adapters, Pitless Units, and Well Caps.

The above-listed items (Boshart model numbers IPD08, IPD10, IPD12, IPS08, IPS10, IPS12, WTCL-C08, WTCL-C10, WTCL-C12, and WTCL-C14) are approved for use on private wells in Virginia in accordance with the Virginia Private Well Regulations Section 12VAC5-630-410 E and F and the WSC PAS-97 installation recommendations.
