SECTION I - PRODUCT IDENTIFICATION

Manufacturer: Nisus Corporation
100 Nisus Drive
Rockford, TN 37853
(800) 264-0870 Fax: 865-577-5825

Product Trade Name: BORA-CARE®

DOT Number: N/A
DOT Hazard Classification: Not Regulated

SECTION II - HAZARDOUS INGREDIENTS

Material or Component: Ethylene Glycol CAS No. 107-21-1
TLV: 50.00 ppm ACGIH
Type: CEIL

SECTION III - PHYSICAL DATA

Appearance: Clear viscous gel
Specific Gravity: 1.38 g/ml
% Soluble in Water: 100%

SECTION IV - HEALTH HAZARD INFORMATION

EYE CONTACT: This material may cause eye irritation. Direct contact may cause burning, tearing, and redness in sensitive individuals.
SKIN CONTACT: This material is essentially non-irritating. Prolonged or repeated exposure to this material may cause softening of the skin. Persons with pre-existing skin disorders may be more susceptible to the effects of this material.

INHALATION: These materials may be harmful if inhaled. Inhalation of large amounts may cause nausea, mental slurriness followed by difficulty in breathing and heart failure, kidney and brain damage, possibly death.

INCOMPATIBILITY (MATERIALS TO AVOID): This material is incompatible with strong oxidizing agents. This product may corrode aluminum.

SECTION V - EMERGENCY AND FIRST AID PROCEDURES

INGESTION: SEEK EMERGENCY MEDICAL ATTENTION. If the victim is drowsy or unconscious, place on the left side with the head down. Do not give anything by mouth. If victim is conscious and alert, vomiting should be induced for ingestion of more than 1 - 2 tablespoons for an adult, preferably with syrup of ipecac under direction from a physician or poison center. If syrup of ipecac is not available, vomiting can be induced by gently placing two fingers in back of throat. If large amounts are ingested, treat for borate toxicity. If possible, do not leave victim unattended.

NOTE TO PHYSICIAN: Treat for exposure to glycols. Contains borates. Monitor electrolytes.

SECTION VI - REACTIVITY DATA

STABILITY: Stable

CONDITIONS TO AVOID: Exposure to strong oxidizing agents.

INCOMPATIBILITY (MATERIALS TO AVOID): This material is incompatible with strong oxidizing agents. This product may corrode aluminum.

SECTION VII - FIRE AND EXPLOSION HAZARD DATA

FLASH POINT: Above 220°F (Tag Closed Cup)

SECTION VIII - SPILL OR LEAK PROCEDURES

PRECAUTIONS IN CASE OF RELEASE OR SPILL: Absorb with organic liquid absorbent. Do not let material or washwaters enter sewers or waterways.

SECTION IX - SPECIAL PROTECTION INFORMATION

RESPIRATORY PROTECTION: Good ventilation.
VENTILATION: Exhaust to ventilate.

PROTECTIVE GLOVES: The use of solvent resistant gloves is advised.

EYE PROTECTION: Use safety glasses, goggles or face shield.

OTHER PROTECTIVE EQUIPMENT: It is recommended that a SCBA is recommended for fire fighters. Water spray may be useful in minimizing vapors and cooling containers exposed to heat and flame.

SECTION X - SPECIAL PRECAUTIONS

HANDLING AND STORAGE PRECAUTIONS: Store between 40°F and 90°F. Do not store in direct sunlight. Keep containers tightly closed.

OTHER PRECAUTIONS: Keep away from children and pets. Toxic to plants and shrubbery.

The Long-Term Solution to Wood Destroying Organisms.
BORA-CARE® is sprayed directly onto raw wood and concrete. Its patented formula penetrates deep into the wood, providing long-lasting protection against subterranean termites (including Formosan termites), drywood termites, wood-destroying beetles and decay fungi.

- Kills existing infestation in wood
- Eliminates wood as a food source
- Protects wood as long as it is in service
- Glycols provide deep penetration into wood
- Prevents termites from tunneling over concrete
- More than twelve years of efficacy testing
- Formulated with a concern for the environment
- For both interior and exterior use

For Termite Pretreatments - No more scheduling hassles—no need to leave job site during treatment • Eliminates weather delays • Meets building code and AWPA end cut requirements • Only termite pretreatment that also prevents fungal decay • BoraShield 12-year damage repair warranty available to professional applicators

For Remedial Treatments - Eliminates active infestations • Prevents reinfestations • No chemicals pumped into ground • Provides long-term protection

For Pretreatment and Control of Subterranean Termites (including Formosan Termites) • Drywood termites • Carpenter Ants • Wood Destroying Beetles • Decay Fungi

BORA-CARE Has No Known Resistance.
