

March 21, 2018

To Whom It May Concern,

Effective March 21, 2018, Delta Treatment Systems, LLC ("Delta Treatment Systems"), a wholly owned subsidiary of Infiltrator Water Technologies, LLC, acquired the primary operating assets of the Delta Environmental Products business of Pentair Flow Technologies, LLC ("Pentair"), including the ECOPOD, BIOPOD, ECODRIP, CONTROL SERIES, ULTRACLEAR, ENVIROAIRE, ECOFILTER, and Whitewater product lines. As part of the acquisition, Delta Treatment Systems has acquired all of Pentair's rights to all regulatory approvals, regulatory approval-related documents, and product certifications associated with the above-referenced product lines. As a result, Delta Treatment Systems shall become the approved legal entity and point of contact listed on all regulatory approvals, regulatory approval-related documents, and product certifications for the above-reference product lines. References to these Delta Environmental Products brands in regulatory approvals, regulatory approval-related documents, and product certifications shall be changed to refer to "Delta Treatment Systems, LLC, a wholly owned subsidiary of Infiltrator Water Technologies, LLC".
